Highway Infrastructure Limited Receives Work Order for Rs. 24.46 Crore Toll Operations Contract from NHAI

Madhya Pradesh, India 09 October 2026: Highway Infrastructure Limited (HIL), an integrated infrastructure platform with established capabilities across Tolling, EPC, and Real Estate, is pleased to announce that it has **received the Work Order and entered into the Contract Agreement with the National Highways Authority of India (NHAI) for the operation and collection of user fees at the Velanchettiyur Fee Plaza in Tamil Nadu. The Contract Agreement was signed on October 08, 2026, pursuant to the Letter of Acceptance (LOA) received earlier. The contract carries a value of Rs. 24.46 crore.**

The mandate covers the operation of the Velanchettiyur Fee Plaza located on the four-lane Karur-Dindigul section of NH-7, one of the key highway corridors in Tamil Nadu. The scope of work includes toll fee collection as well as upkeep and maintenance of adjacent toilet facilities, including replenishment of consumables.

The project is scheduled to be executed over a period of **90 days**. The contract further strengthens HIL's footprint in Southern India and aligns with its strategy of expanding across high-traffic national highway corridors. The growing portfolio of toll operation mandates highlights the Company's strong credentials and reinforces its positioning in the toll management segment.

Speaking on the development, Mr. Arun Kumar Jain, Managing Director, Highway Infrastructure Limited said: "We are pleased to have received the Work Order and entered into the Contract Agreement with NHAI for the operation of the Velanchettiyur Fee Plaza in Tamil Nadu. This marks an important step following the Letter of Acceptance received earlier and further expands our tollway collection portfolio and strengthens our presence across key national highway corridors. Continued success in securing and operationalising tollway contracts is enhancing our medium-term revenue visibility and underscores our proven execution capabilities. With a healthy bidding pipeline and growing opportunities across the highway infrastructure sector, we remain well positioned to expand our order book, drive sustainable growth, and create long-term value for stakeholders."

About Highway Infrastructure Limited:

Incorporated in 2006, Highway Infrastructure Limited is an integrated infrastructure company with presence across Tollway Collection, EPC and Real Estate. With operations spanning 11 states and 1 Union Territory, the Company has established capabilities in Tollway Operations and Infrastructure project execution, supported by technology-driven processes and an experienced management team. Under the leadership of Mr. Arun Kumar Jain, the Company has built a strong track record across its business verticals and continues to focus on expanding its presence in the infrastructure sector. With a growing order book and a healthy project pipeline, Highway Infrastructure Limited remains focused on pursuing sustainable growth opportunities across India's infrastructure and transportation landscape.
